

West Nile Virus Endorsement
(For attachment to L.E. (U.S.A.) Equine Insurance)

It is hereby understood and agreed that, with effect from (commencement date of the policy/certificate.

This Insurance does not cover any loss directly or indirectly caused by, happening through, in consequence of or contributed to by West Nile Virus unless the INSURED provides to the Underwriters a written certification from a VETERINARIAN that the HORSE has received a current vaccination and booster against such virus in accordance with the vaccine manufacturers' recommendations and the vaccine has been approved for horses by the U.S. Department of Agriculture.

All other terms and conditions of the policy/certificate to which this endorsement is attached remain unchanged.
